

## City Police Arrest Local Pair

Two local men were arrested Monday night as Grayling City Police caught them in the act of hammering on a telephone coin-box near Wert's Lone Pine Inn. A local citizen called in at 2:46 a.m. alerting a patrol car in the area of the two suspects in the telephone booth. The suspects, 21 and 23 years old, were to be arraigned in 83rd District Court Tuesday.

## Hanson Park To Host Annual Arts & Crafts Show

On Saturday and Sunday, December 3 and 4, Hanson Park of Grayling will host their 3rd annual Arts & Crafts Show and Sale. The two day event will be held in the ski lodge at Hanson Park, formerly Bear Mountain. Artist and Craftsmen from throughout Northern Michigan will be on hand to display and offer for sale their creations. Hours of operation will be from 10:00 a.m. until 5:00 p.m. both days. There is no admission charge.

In past years, this has been one of the largest arts and crafts shows in this area of the state. It provides an excellent opportunity for area residents to purchase handmade gift items for their Christmas list.

Booth space for the arts and craft show is still available. Anyone interested in having a booth at the event should contact Hanson Park at 348-9286 prior to the sale.

## After School Care Offered

The Crawford AuSable Day Care Center will be offering a licensed after-school care program for students in grades 1 through 5 beginning January 3. The program will be offered from 3 p.m. to 5:30 p.m. every school day at the Grayling Elementary School.

Pam Fisher, director of the non-profit day care organization, said films, outdoor playing, and other activities will be supervised by a trained day care employee. Snacks approved by the United States Dept. of Agriculture will be provided every day. The program is being started in response to nation-wide concern about "latch-key" children who have to go home alone after school. Fifteen to twenty openings for students will be available. For reservations call 348-7709. Scholarships are being sought through local organizations to help pay for any children who cannot afford to enter the program.

## Archery Mixed League Opening Season Dec. 7

The Grayling Archery Club mixed league season will be starting December 7. Family memberships are available and team sponsors are welcome for the league. For more details call Larry Ostrowski, 348-8550, J. Dannenberg, 348-4256, or D. Denton, 348-9348.

## Christmas Bazaar at Kirtland

Kirtland Community College's Student Center will be the site of a Christmas Bazaar on Thursday, December 8, from 10 a.m. to 7 p.m. Crafts, white elephants, and bake sales will be displayed by students and staff.

## Grayling Travelogue To Feature "India"

On Thursday, December 1, the Grayling Community School Program will present their next exciting, true-life adventure of their current Travel and Adventure Series in the Grayling High School Auditorium. Appearing alive and in person on the Grayling stage to narrate this colorful film will be nationally recognized lecturer-photographer Lee Cavanagh. Doors will open at 6:45 and the travelogue will begin at 7:30. Tickets will be available at the door.

The country of India is a land rarely witnessed by travelogue viewers. The reason for this is that the best time to photograph India is during the months of December, January and February, a time when most travelogue lecturers are busy showing their films. Lee Cavanagh however, took a three month leave of absence from the travelogue circuit and spent the time photographing this most fascinating land. And now, residents of Northern Michigan will have an opportunity to see this rare film.

During the film, you will witness all of the scenic grandeur that the vast country of India has to offer. From the bustling cities not unlike many cities of the world today, to the desolation of the nomadic tribes of the back country. You'll see the people of India, learn of their way of life and discover in stark reality the conditions under which they live. "Pageant of India" is a breathtaking, thought provoking film, and a must for anyone interested in learning about other nations of the world.

## Christmas Home Tour Dec. 18th

The Grayling Christmas Home Tour scheduled for December 18 will be a unique experience for those who visit the specially decorated homes.

According to co-chairman Ernie Dawson, the tour will appeal to all of the senses of the participants because there will be treats, punch, cookies as well as artistic demonstrations and musical selections by local talent.

Dawson said that the tickets themselves will be a collectors item since the six homes on the tour will each be pictured as reproductions or original sketches by Terry Dickinson. The homes featured will be those belonging to Mr. and Mrs. Harrison Goodhue, Mr. and Mrs. Dave Wyman, Mr. and Mrs. Larry McNamara, Mr. and Mrs. Nelson Miles, Mr. and Mrs. Ray Wonders and Mr. and Mrs. Thomas Welsh.

Headquarters for the tour from 2-8 p.m. on December 18 will be the Crawford County Historical Museum. It will also be specially decorated by Josie. Those who purchase tickets in advance may make the tour in any direction they wish to begin.

Tickets for the tour will cost \$5 each and are available at Flowers by Josie, Weaver's Gift Shop, Grayling Holiday Inn, the Chamber of Commerce office and from any chamber board member.

## Rebuilding Year for Wrestlers After Two Trips to State Finals

By Jon Thompson

A young squad will try to carry on the Viking winning tradition in wrestling this season following a fifth place finish in the state finals in 1982-83 and a third place finish in 1981-82 at state.

Head coach Don Ferguson has eight returning lettermen returning, but only one is a senior, four are juniors, and three are sophomores. Of seven newcomers to the team, one is a junior, four are sophomores, and two are

freshmen.

"We'll be tough this year but we're going to have a young team," Ferguson said. "It takes a lot of time to learn techniques, moves, and holds. Wrestling is mostly leverage and moves now. Kids with just brute strength don't win much anymore."

Ferguson said one good thing going for his club is the winning tradition Grayling has established.

"We're respected down-

state," Ferguson said. "Our goal is to aim for the state finals again, but every year it gets harder and harder to get there."

Ferguson said there will be at least four good teams in the Michigan Huron Shores Conference for Grayling to tangle with, Gaylord, Petoskey, Rogers City, and St. Ignace.

Returning to the mat battles this year are senior Tom Sorenson at 198 pounds, juniors Barsie Cross at 167,

Gary Gugin at 185, Ron Wyman at 145, and Tim Moore at 119, and sophomores Claude Halstead at 126, Lacey Stephan at 112, and Tony Partello at 105.

Newcomers are junior Lance Davis, sophomores Jim Sorenson, Bob Hull, See Wrestlers on Page 15

## Sno \* Drift PRO Rally Needs Grayling Marshalls, Workers

You hear it every year, the first weekend in December. It sounds like a thousand or more chainsaws ripping through the woods, but at 3 a.m.?

It's not chainsaws, or snowmobiles, or even exceptionally noisy cross-country skiers. It's 60 or more small sports cars racing through the woods near Roscommon, Grayling, Mio and Gaylord as part of the annual Sno\*Drift PRO Rally.

This year the rally will be held Dec. 2-4, with the race beginning at 5:30 p.m. Saturday, Dec. 3, and finishing up about 6 a.m. Sunday, Dec. 4.

PRO Rallying means traveling an unfamiliar route, following traffic laws on public roads (called transit zones) to get to backwoods roads where the drivers race against the clock, the elements and each

other. Co-drivers use the route book, given to them just hours before the event, to navigate the rally car down the route, and mechanics wait for the cars at service stops, with everything needed to fix the cars packed into the back of a van or truck.

Don Rathgeber, chief of controls for the Sno\*Drift, recommends signing up as a course marshal if you really want to watch the rally. A course marshal insures no other traffic gets onto the rally route while the race is in progress and helps with crowd control. The Sno\*Drift will require at least eighty marshals.

Another possible assignment for interested residents is the job of control worker. Three workers are assigned to each stage to start the cars off, time them, and

clock them in.

Besides the rally cars, two other kinds of vehicles are used in the event. A course opening car will precede the competing cars onto the course to make sure there are no fallen trees, blocked passages, etc. "Sweep" vehicles follow the racers through the stages, helping rallyists who have somehow found themselves in a ditch, and picking up markers left on the course.

Rathgeber recommended that those who have four wheel drive vehicles and wish to work on the rally volunteer for the "sweep" jobs, since the Sno\*Drift sometimes lives up to its name.

Also needed are couriers, to pick up the score cards from each stage and take them back to headquarters

## Two Downstate Men Charged with Kidnapping

Two southern Michigan men were charged with kidnapping a 15-year-old Troy girl November 23. Mark Dautremont, 18, of Drayton Plains, was charged with kidnapping, felonious assault, and possession of a firearm while committing a felony. Stephen A. Smith, 19, of Taylor, was charged with kidnapping and possession of a firearm while committing a felony.

The two men allegedly took the girl from Troy to a cabin in Warbler's Hideaway near Lovells where she escaped when the men went to the store. She fled to a nearby cabin where a neighbor called the sheriff dept. The girl was not injured and was with the men less than 24 hours. Bond has been set at \$50,000 cash for Smith and \$60,000 cash for Dautremont.

## End Best Year Ever

## Girls Lose in Finals

Grayling, led by Heidi Bendig's 35 points and Kris Laudenslager's 20 points, bombed Houghton Lake 82-36 to capture their first win ever in district tournament play. In the district finals Grayling fell 47-41 to Roscommon but still finished at 15-5 for the year - the best mark ever for a GHS girls team.

Against Houghton Lake, the Vikings exploded for 36

points in the third quarter while Houghton Lake could only manage one lone point. The game was close until then with Grayling leading 16-14 after one quarter and 34-24 at the half.

Head coach Tom Mills said his team was playing good basketball and everyone contributed to the win. Behind Bendig and Laudenslager's 55 points were Erin Jones with 8, Karyn

Reynolds with 5, Shelly Trenary 4, Heidi Derenzy 2, Michelle Barber 2, Stacey Wolcott 2, Kim Springer 2, and Tina Meldrum 2.

The district win was the first ever for a GHS girl's team since they began in the early 1970's.

In the district final against Roscommon, Grayling got into foul trouble, shot poorly, and committed more turns.

## Local Returns to GHS In CMU Travel Theatre

The Crawford County Arts Council welcomes Central Michigan University's touring Readers' Theatre production to Grayling, this Friday, December 2, at 8:00 p.m., in Grayling High School's Joseph Stripe Auditorium.

The production features dramatizations of three short stories by well-known writers: "The Petrified Man" by Eudora Welty, "The Boogey Man" by Stephen King, and "The

Landlady" by Ronald Dahl.

Susan Prause, a GHS graduate and presently a junior theatre major at CMU, is featured in "The Petrified Man," in which she plays the part of Leoda.

The Readers' Theatre troupe has been on tour throughout Michigan this fall, with performances at Alma, Bad Axe, Elk Rapids, Interlochen, Midland, Mt. Clemens, Port Huron, and St. Claire Community College.

Admission is free for the performance, which is sponsored by CMU's Windows Program. Donations to the Crawford County Arts Council, the group's local sponsor, are welcome.

## Lucksted Sets 8 GVSC Records

Bill Lucksted, a GHS graduate, broke eight Grand Valley State College records this year and was an unanimous choice for the Great Lakes All-Conference team.

Lucksted set single season marks of most receptions with 48, most yardage with 879 yards, and most touchdowns with 12. He also broke career records previously held by Rob Rubick and Jeff Chadwick, now both with the Detroit Lions. Lucksted holds the GVSC records for most receptions, 119, most yardage, 1984, and most touchdowns, 27.

In addition, Lucksted holds the longest touchdown catch record with a 75-yard bomb and set a record of 29 straight games with a reception - catching a pass in every varsity game he played in since starting as a sophomore.

## Nimke Appointed Hospital Director

R. Duane Nimke has accepted the position of Director of Grant Hospital, located in Grant, Michigan, thirty miles northwest of Grand Rapids. Grant Hospital has been affiliated for more than two years with St. Mary's Hospital in Grand Rapids, also a division of the Sisters of Mercy Health Corporation. Nimke will be working closely with the administration and management of St. Mary's in setting future direction for Grant Hospital as well as for family practice clinics in

Grant and in Croton-Hardy. Nimke has served at Mercy Hospital, Grayling, for eleven years - first as Personnel Director, then as Assistant Administrator, and most recently as Executive Vice President. Over these years, he has made many significant contributions to Mercy Hospital.

Nimke's last day at Mercy will be December 16. He and his wife Jo will be relocating to Grant so that he can assume leadership of the hospital early in 1984.

## Vikings Return 4 Starters For 1983-84 Season Opener

By Jon Thompson

Led by big man Wayne Ross, an All-Conference first team selection last year, Grayling will be putting miles on their basketball shoes this season with a fast-breaking offense and full-court pressing defense.

The Vikings return four starters - Ross, Paul Hamlin, Mike Hickey, and Jim Stewart, all seniors - from last year's team that just missed a district title

losing 72-67 in the finals.

Head coach Warren "Butch" Hayes expects this year's squad to be even better.

"Our strength this year should be our experience, ball-handling, and good outside shooting," Hayes said.

"Our rebounding should be good too. We're strong and physical underneath."

Ross at 6'2" is the tallest Viking and he led the league in blocked shots last year

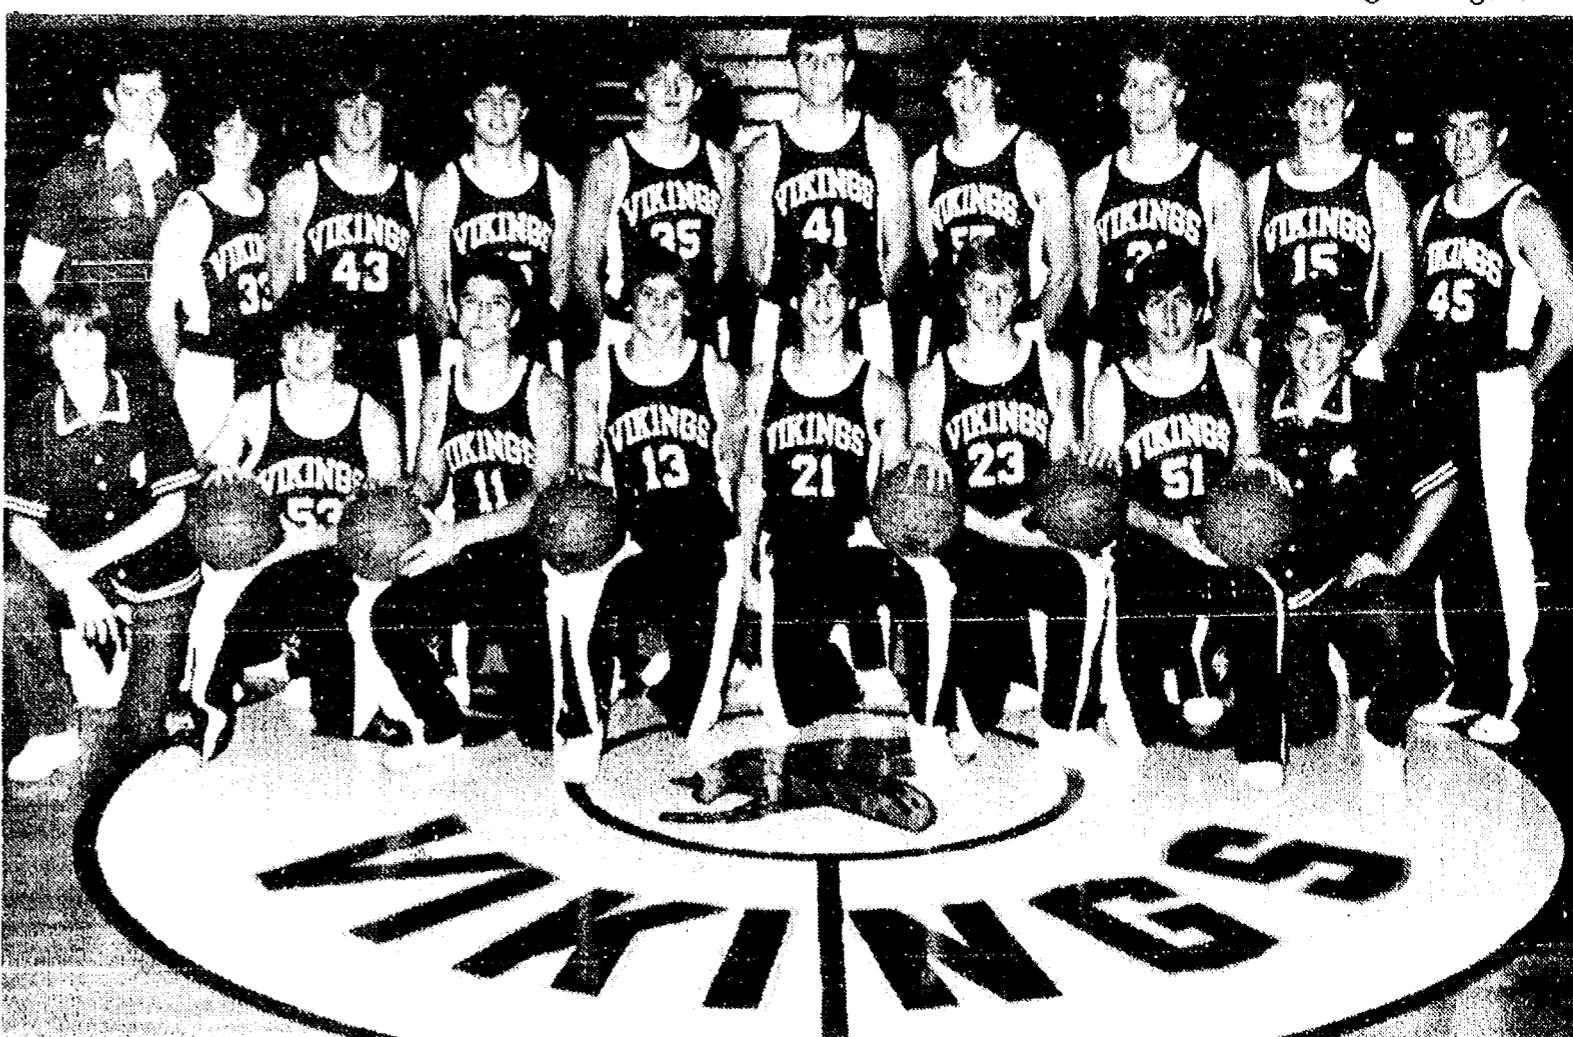

with his quick leaping ability. Hamlin is 6'1" and Stewart at 6' are the next two biggest starters. Both are strong in boxing out on rebounds and can fill the nets from the outside. Hickey led the team in steals last year and is a good shot from the top of the key.

Rodney Patterson, a 5'10" junior, has been tabbed by Hayes as the fifth starter and his strength is rebounding. He's playing his first

year of organized basketball but has carried over his aggressive play from the football field where he was named All-Conference and led the Vikings in tackles.

Returning lettermen from last year's 6-16 team are guards Dave Zigila and Ken Lademan, both seniors, and Jon Nicholas, a junior. Junior Mick Lovely, who was brought up to varsity during tournaments, also is

## Highway Tax Helps Fix Roads

Revenue from state highway taxes rose 7.7 percent for the 1982-83 fiscal year helping the state, counties, and cities improve roads, said State Transportation Director James Pitz.

State highway projects totaled \$273 million compared to \$85 million the previous year, Pitz said.

"Revenue from higher state and federal fuel taxes, coupled with Gov. Blanchard's \$135 million transportation bond program, is helping make some long-needed improvements," said Pitz.

"Without the new income, the condition of our highways, roads, and streets would have continued to get worse every year."

In Crawford County, I-75, U.S. 27, M-72 East and West, and three county roads received new paving this year.

Crawford County received \$866,366 in highway taxes for 1982-83 up from \$783,631 the year before. Grayling received \$51,093 up from \$44,739.

For the 1983-84 fiscal year, counties and cities will receive a large share of the revenues.

### Blanchard Unveils Food Processing Proposals

Warren M. Hoyt, Executive Director, MPA

Governor James Blanchard has unveiled a series of initiatives to promote and expand Michigan's food processing industry, including establishment of a food industry institute at Michigan State University, an interdepartmental unit "to respond to the industry's concerns," and increased promotional efforts both nationally and internationally.

The food processing initiatives are the first of a series of proposals dealing with so-called "targeted industries" that the governor said have "competitive advantages and identifiable opportunity to create new jobs or to retain jobs at risk."

Targeted industries - the other two industries are forest products and auto parts supplies - were discussed last month in Blanchard's economic address to the Legislature.

Enlarging Michigan's food processing industry could mean thousands of new jobs for Michigan and prevent existing jobs from vanishing, the governor said.

Already expansion efforts in food processing are underway in places like Detroit, Grand Rapids, Holland, Traverse City, Remus and other locations.

Blanchard added that the Dept. of Agriculture "has identified five companies that are considering expansions in Michigan."

Out-of-state food processors provide products for approximately 90 percent of the state's consumer market, and between 1979 and 1981, some 40 percent of all the raw commodities grown in Michigan were shipped out of state.

In addition, Michigan has a large diversity of agricultural products - more than 50 commercial food crops, second only to California - and is within "easy access to major markets and within 500 miles of half the population of the United States and Canada," the governor said.

Paul Kindinger, director of the Dept. of Agriculture, said part of the goal behind the proposals was to

"change the concept of agriculture. It is not just farming, but a huge business that has tremendous potential for the state."

Currently the state has a "trade deficit" in food processing but almost limitless possibilities of programs that could be enacted using the state's current agricultural base.

The specific proposals include:

—Creation of a food industry institute at Michigan State University that would be a partner with the state's effort by serving as a central source of assistance to processors. The institute would have to be paid for by a "significant commitment of support" from industry along with the possibility of state monies.

—A permanent, interdepartmental unit consisting of directors of Agriculture, Commerce, Natural Resources and Transportation will be formed to help evaluate and respond to problems in the industry.

—Agribusiness projects will now be eligible for grant monies from the state research fund and from the Michigan Strategic Fund which is still going through the legislative process.

—Promotion of state agricultural business will be expanded by attending various exhibits and conventions throughout the world.

—Endorsement of a "conducive regulatory environment" to develop congeneration facilities to help cut energy costs for food processors.

—Newly appointed business ombudsman, David Haynes, will "take an immediate special interest" in the problems of food processors and a food processing executive will be named soon to the state's Agricultural Marketing and Bargaining Board to help balance competing interests in marketing.

The governor said the new budget costs of the actions will be minimal as many of the proposals were a matter of "doing more and doing better of what has been a state activity for a long time."

**KIRTLAND FOUNDATION PRESENTS CHECK** — Mrs. Mary Alguire, Executive Director of the Kirtland Community College Foundation, presents a check for \$6,000 to Robert Bovee, Chairman of the KCC Board of Trustees. The Foundation contributed the funds to the College to purchase an exercise equipment kit for the newly constructed 1 1/4 mile Fitness/Nature Trail on the campus. The trail is open to the public and begins behind the Kirtland Library.

## What's So Special?

By Sharon Prislipsky

There is no doubt that many families are under stress. The economic pressures of unemployment, rising fuel costs and inflation are only a few sources of stress. Families of handicapped children are faced with even greater pressures as they try to change and adapt to the demands of living with a child who has a disability.

What happens to the body under stress? One thing that occurs is a reaction that helps the body mobilize its resources and burn more energy than it normally does. This is called a General Adaptation Syndrome. It is an attempt by the body to protect the person. The price a person pays for this reaction may be great. It may be hypertension, arthritis, ulcers, allergies or other physical symptoms. Family members of handicapped children are particularly vulnerable to these illnesses.

Other effects of stress are also common among families of the handicapped. Some researchers believe that divorce and suicide rates increase among parents of mentally impaired children. Handicapped children may also be at greater risk for child abuse. Increased tension may lead some parents to discipline children much more harshly than they normally would. This does not mean that all or most handicapped children are being abused. It does mean that some handicapped children are faced with medical bills, needs for special equipment and programs. It becomes increasingly more difficult to deal with neighbors and family who don't understand their problems.

Some parents may believe that they are to blame for their child's handicap. Other parents might believe that someone or something else caused it. Such beliefs can effect the way a parent interacts with the child.

If you have a handicapped child, what can you do?

1. There are many reasons why disabilities occur. Maybe you need to talk with someone else about this. If necessary, seek counseling. You may want to consult a psychologist, the school social worker, your minister, or someone else you trust.

2. Give as much information as possible to grandparents, aunts, uncles and other family members and friends. The more they understand the more they can

offer support.

3. Take advantage of training opportunities offered by the school. Ask for training that gives suggestions on coping with the problems of raising a special child.

4. Seek out other parents of handicapped children. Help start parent groups where you can share experiences and frustrations. Try working together to provide "respite care" or time off.

Even families with non-handicapped children might be willing to help.

5. Be assertive about your child's program. Listen to what the school has to say and feel free to make suggestions or ask questions. No one knows your child better than you do. You need to help us. If necessary, bring someone with you to meetings at school. Your active participation in decision making will be appreciated.

If you would like more information about services available to handicapped children, call the C.O.O.R. Intermediate School District at 275-5137. We care about kids.

### Editor's Mailbox

11/21/83

Dear Editor:

A giant word of praise, Mr. Nowak, for a letter well written. For what reason would an elected official vote NO on such a worthwhile project as a K-Mart in Grayling? What gain could there possibly be in such a blunder? For what reason would any commissioner vote NO on a project that could give a boost to a great community? It would, indeed, be interesting to hear the reasoning behind Commissioner Welser's NO vote.

### Editor's Mailbox

My commendation to Mr. Nowak for his letter to the editor in the November 17th issue of the Avalanche regarding the proposed K-Mart project.

It does make one wonder what possible motive a county official could have to reject any project that may help pull our community out of a near devastated state.

Thank you Mr. Nowak for writing that letter. I certainly share your thoughts and by listening to the many comments and irritated reactions this past couple of weeks, I believe the vast majority of local citizens feel the same way.

Sincerely,

### RSVP Reports

By Sherry Haag, Dir.

Welcome to news of The Retired Senior Volunteer Program.

Michigan RSVPers have been very active during the past year. 465 volunteers in Monroe have contributed over 132,000 hours of service last year. They have served the city of Monroe, schools, county fair, American Red Cross and Cancer Society, and many more places.

RSVP volunteers in Traverse City served over 6,000 hours in October. Service hours have been for Grand Traverse area nursing homes, nutrition sites, Munson Hospital, MESC office, Red Cross and many other agencies.

RSVP's function in the community is to serve. In serving the community as a whole, senior volunteers are using all the experience, talents and knowledge they have acquired through the years. Service to the community, that's what RSVP is all about.

The annual mail campaign is moving along. Over \$2,000 has been contributed of the \$5,000 we need to raise locally. Contributions can be made by mail or dropped at the RSVP office at 308 Lawndale.

To those of you who have contributed, thank you for your support.

This is a busy time of year for us all. It would help the RSVP staff if those persons making mittens and hats for the Community Services would bring them to the office as soon as possible. If you have P.J.s or gowns, please call the office or drop them by so we can get an accurate count on how many are finished.

RSVP is in need of a typewriter. If anyone has a typewriter they could donate, we would be most appreciative.

For more information about RSVP, please call 348-4341 or 348-8322.

Earlier in November, a lady came into the office to register for camping and while she was standing by the counter, a very large spider walked across the floor near her feet. Some people are petrified at the sight of even a small spider, but I give that lady credit. Her only comment was to the effect that it was certainly a big one. I picked the spider up in a soft cloth and deposited it outside where it could continue its predatory lifestyle. After it was released, I got a good look at it and as near as I could determine, it was a Wolf Spider. The source book I have says there are 1,500 to 2,000 species known. The specimen we had was a good inch long and certainly looked fierce but would make a good pet which must be provided with water if kept in captivity. They have good vision provided by four small eyes and four larger eyes. Combined with a highly developed sense of smell, they are well adapted for their predatory duties, which eliminates numerous insects which might otherwise bother we humans. There may be more than a hundred species which occur north of Mexico. Some species are found over much of the Northern Hemisphere, but other species are found only locally. Interestingly, Wolf Spiders make up a large proportion of spider populations in the chilly Arctic or high mountains. They vary in size from one and a half inches to a peewee only two-tenths of an inch long.

As a wage earner, you can deposit up to \$2,000 of your wages in an IRA. \$2,250 if your spouse is unemployed and \$4,000 if both you and your spouse are wage earners. By deducting the amount you deposit in an IRA from your earned income, you pay a lot less tax now and may well fall in a lower tax bracket.

Not only is your IRA investment tax sheltered, the interest earned is tax deferred until retirement. Your IRA account will continue to earn interest on interest, year after year, assuring you of the funds needed for a happy retirement.

Every wage earner, every self employed person, everyone married to a wage earner or self employed person is eligible for an IRA.

Federal regulations require a substantial interest and tax penalty for early withdrawal.

## From Our Corner...

Leftovers from Turkey Day...no pun intended... the ol' fella survived two Thanksgivings, one on Thursday with Thelma's mom Leona Papendick at AuSagra Acres and the other on Sunday in T.C., and to think we are supposed to be on a diet...and now we are faced with the festive month of the year, December, with parties and Christmas and New Years thrown in for good measure, we really will have to diet to start the new year...

Thanksgiving 1983 has come and gone, now all we can look forward to is good Ol' St. Nick and Christmas with the New Year right on it heels...it is hard to believe we are just a month away from 1984 and the revelry of New Year's Eve and the hope that '84 will bring a brighter future than we endured in 1983...there has to be a silver lining somewhere in the future...we hope it's soon, we're running out of time...

We spent the weekend in Traverse City with John, Toni, T.J., Stefany and Black Bart, the girls' pony...on Saturday we helped T.J. celebrate her 10th birthday and then on Sunday we had our second Thanksgiving feast...it was sort of ironic that this year was about the same as last as far as driving over and back, we had nice dry-roads both ways and then come Monday morning there was ice...we're not complaining, we'll drive in snow any day rather than ice...its no fun slip-sliding through the hills between here and T.C. or anyplace for that matter...

We tried to start this turkey over there Sunday while waiting for the real one to cook but, to no avail, just too much commotion for the ol' fella...and besides I would really rather visit with everyone than sitting in a corner trying to conjure up some smarts for our readers...

With the St. Ignace Saints winning the Class D football championship in the Silver Dome last Saturday, the Grayling Viking gridgers should feel real proud as they were the only team to beat the Saints this year...it's a feather in the cap for the Vikes...

We have a new typewriter and like just about anything else new, it's different from the one we have gotten used to and hope to take home when and if our den gets ready...maybe we will be able to work on the clutter this weekend...like we said, we are working on a new typewriter, and this one doesn't spell any better than the last one...even makes more typo errors if you can imagine...Rena says, our column sometimes resembles a checker-board...with all the adding in and marking out she has a hard time finding a word that is whole...but then I tell her it must be my speed of typing that causes all the mistakes...

I hope our readers were able to find us again this week, we had gotten this far with our column and Emil came in and said to run Laurine's two ads again this week...like we mentioned last week, again holds true, we'll move our spot anywhere to accommodate a full page ad...

Jimmy Ott, who retired a while back from Mercy Hospital dropped in the office Monday afternoon to pass pleasantries and inquired about another ol' retired friend of ours, Irvin...Jimmy mentioned when he left, to tell everyone the fish are biting real good...he should know, that's his pastime on Higgins Lake now...was good to see him...

This takes care of this week's efforts so will bid T.J., Stefany and Amber goodnight...and to all of our readers, have a nice weekend, and you better start thinking about Christmas...St. Nick is just around the corner...

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVANCE OF 23 YEARS AGO

### 23 Years Ago December 1, 1960

The Llwyn Anthony Doremires are the proud parents of Julie Marie, a 7 lb. 5 oz. daughter born November 24th, Thanksgiving Day. The Llwyn Doremires, and the Aubrey Blaines are her grandparents, with Mrs. Minnie Blaine, Mrs. Emma Lovely, and Mrs. Nell Doremire of Midland all great grandmothers.

The William Gildners announce the arrival of William Roger, an 8 lb. 10 oz. son who arrived November 23rd. The Joe Gildners and the Norman Bancrofts are his grandparents, with Mrs. Maggie Leverton and Mrs. Robert Ziebell, great grandmothers.

Mr. and Mrs. Gene Papendick were the honored guests at a surprise celebration of their 25th wedding anniversary on Wednesday evening of last week, given by their children and members of the Q.C. Club at the home of Mrs. Oscar Goss. They were presented with a gift, and the men folks enjoyed cards and the ladies visiting. A four-tiered wedding anniversary cake made by Mrs. Kip Papendick was served with coffee.

Miss Carol Fenton arrived home Wednesday last to spend Thanksgiving and the weekend with her parents, the Elmer Fentons. Mr. and Mrs. Fenton drove Carol back to Central Sunday.

Mr. and Mrs. Robert Knutilla and children of Escanaba spent from Wednesday through Monday morning with her parents, Mr. and Mrs. Harry Souders. Overnight guests at the Souders home Friday were Mr. and Mrs. Edward McMahon of Royal Oak and Mr. and Mrs. Arthur Dodds of Port Huron, who were here to see Mr. and Mrs. Elmer Corsaut in Frederic.

Mr. and Mrs. Raymond Elsey and children of Farmington spent last week with her parents, Mr. and Mrs. Don Wood. They came Sunday the 20th and left Monday.

Ben DeLaMater filled his deer license Thanksgiving Day with a small buck. Ben says there are plenty of deer in the county, where he has hunted.

Mr. and Mrs. Hal Walker returned Sunday from a visit in Kentucky with relatives, where they enjoyed quail hunting. They left here Nov. 12th to attend the National Bottler Convention in Detroit before going South.

Mr. and Mrs. Fred Bear returned home last week on Wednesday after visiting their son and family, Capt. and Mrs. M.J. Steger at Colorado Springs, several days. They had left Grayling on the 4th for Los Angeles, Calif., to attend the Western Sporting Goods Show at the Ambassador Hotel, then held dealer clinics for the Bear Archery Company in the principal cities up the coast from there to Seattle, before flying on to Colorado.

**46 Years Ago December 2, 1937**  
The lid was officially pried off the basketball season last Wednesday night as Grayling split a two-game attraction with the Mancelona basketballers. Grayling won the Reserve game 25 to 6 but Mancelona countered with a triumph in the more important conference game between the first string

teams by a count of 17 to 13.

The Skating rink at the Winter Park is fast getting in shape for use. Some skaters have already tried out their blades and enjoyed it. President Charles Moore got too near to thin ice along the edge and was the first to get a dunking this season. Fortunately the water is very shallow in all places and getting one's feet wet, is the only damage that may occur.

The coldest temperatures for the season was recorded last night when the thermometer fell to 7 degrees above zero. The high for this week was reached at 12 this noon when the red line went up to 30 degrees above. This report was secured from the official record at the Grayling Fish Hatchery.

Miss Pauline Schoonover and Miss Jean O'Connor were in Frankfort Monday where they attended the wedding ceremony of Miss Leone Warner of Gaylord and Mr. Louis Lamm of South Haven. Mrs. Lamm was formerly a nurse at Grayling Mercy Hospital, and during that time made many friends for herself, all of whom wish the young couple lots of happiness.

One of the nicest features to be added to Grayling Mercy Hospital in many years is the newly arranged children's ward. This is located on the third floor. It provides six brand new modern child beds, in light green enamel. This excellent feature was planned and furnished by Mrs. E.J. Marshall of Toledo. Dr. and Mrs. C.G. Clippert entertained Mr. and Mrs. George Shuman and Mrs. Hannah Muehl of Detroit over the Thanksgiving holiday and the weekend. On their return they were accompanied by Mrs. Clippert who is visiting in Detroit.

**69 Years Ago December 3, 1914**  
On Tuesday evening, November 24, occurred the silver wedding anniversary of Mr. and Mrs. Hemming Peterson, and the event was delightfully celebrated at Danebod Hall. Cameron Game made a business trip to Mt. Pleasant Tuesday. Miss Nola Sheehy left for Detroit Saturday night for a two weeks vacation. Her sister, Miss Odie Sheehy, is taking her place as reporter and bookkeeper at the Avalanche office during her absence.

Mr. Ryan of Clare spent Thanksgiving with his daughter, Mrs. A.J. Joseph. Miss Agnes Hanson, who teaches in Mt. Pleasant, was home to spend Thanksgiving with her parents, Mr. and Mrs. Fred Hanson.

Mr. Armstrong and daughter, Fern, returned from Grassmere Sunday morning where they were visiting relatives. Mr. and Mrs. Ben Jerome and children of Grand Rapids are here visiting their parents, Mr. and Mrs. M.A. Bates and Mr. and Mrs. Charles Jerome.

## The Bible Speaks

From Calvary Baptist Church

### THE IMPORTANCE OF PEOPLE

Romans 15:28-16:23

Paul closes the epistle to the Romans expressing his desire to visit them and requesting their prayers. Romans 15:28-33. Paul spends most of Chapter 16 speaking about people. Notice all the people Paul speaks well of: Phebe, Priscilla, Aquila, Epaeetus, Mary, Andronicus, Junia, Amplias, Urbane, Stachys, Apelles, Aristobulus, Herodian, Narcissus, Tryphosa, Rufus, Asyncritus, Philegon, Hermas, Patrobas, Hermes, Philologos, Julia, Nereus, Olympas, Timotheus, Lucius, Jason, Sosipater, Tertius, Gaius, Erastus and Quartus.

The names of all these people are recorded in the Bible forever because they believed God's Word and followed Jesus Christ. They came from all walks of life. They include both men and women. From among prisoners to city officials, this group of names identifies a faithful band of dedicated Christians who were not ashamed of their faith. The Word of God provided them with a unity of belief or doctrine.

Many religious people did not agree with Paul. They repeatedly tried to kill him and stop his ministry. In the middle of Chapter 16 Paul gave clear instructions to those of like faith concerning those who rejected their doctrine. "Now I beseech you, brethren, mark them which cause divisions and offences contrary to the doctrine which ye have learned; and avoid them." Romans 16:17. People who claim to be religious, but who deny Bible doctrine or teaching, are to be marked or identified, and avoided. This is clear Bible teaching.

Is your name important to you? Would you want your name identified with the friends of Paul who believed God? Would you want your name identified with those who are marked for reject-

ing God's Word as final authority? If our Lord Jesus Christ were to come today, is your name identified with those who believe His Word? Yes, your name is important. Are you concerned that your name stands for truth and right? The choice is yours. (adv.)

## Gunshot Damage to Insulators Year-round Problem for Consumers

Prudenville, Mich.— On October 22, 1983, approximately 4,200 households northeast of Battle Creek were without electric service from 6 a.m. to 2 p.m.

The cause? Gunshot damage to insulators on a 46,000-volt transmission line. "Gunshot damage to insulators is a year-round problem for Consumers Power and its customers, but deer hunting season makes the problem even more severe," said Lendburgh Hoofman, area manager of the utility's Prudenville area.

"The recent incident in our service area near Battle Creek points up the seriousness of the problem. For 6,000 households to be without electricity inconveniences and could even endanger many people. And all

because some rifle-toter used our insulators for target practice," Hoofman said.

"True sportsmen don't shoot at our insulators. We are not critical of legitimate deer hunters - or any hunters who use common sense - but some people with rifles disregard the welfare and safety of others," said Hoofman.

Hoofman asked sportsmen's clubs, conservation organization and responsible citizens to help prevent damage to power line insulators.

It has cost Consumers Power \$553,000 since 1975 to replace thousands of insulators damaged by gunfire. Last year alone, \$25,000 was required to replace 467 insulators. Costs for these items and the work

ultimately become part of the cost of service reflected in customers' bills.

"The largest outage last year as a result of gunshot damage to insulators involved 6,062 customers in the White Lake area north of Muskegon on June 23," said Hoofman.

In another 1982 incident involving gunfire, a bullet damaged a cooling fin on a transformer in the Interlochen substation near Traverse City, causing the transformer to overheat. Consumers Power had to spend approximately \$18,000 to rectify the damage, and 567 customers were out of service for 174 minutes.

Consumers Power offers cash rewards of varying amounts for information leading to the arrest and arraignment of those who cause power outages. Information can be given to local Consumers Power offices or to local police. The utility's power lines are located in 61 counties of the lower peninsula, serving more than 1.3 million electric customers.

## Grayling Elementary School

In Mrs. Knibbs' second grade class they have a bulletin board for science. They brought in their baby pictures and put them up. They had a contest to see who guessed the most pictures right.

They have been learning about Thanksgiving. They learned about why the Pilgrims came to America. They learned about their first years here. The Pilgrims worked hard to make a place to live. The day before Thanksgiving they are going to make Indian headbands and a Harvest Bowl. Everyone will bring something to put in it. There will be fruit, nuts, honey and wheat germ.

They are learning about globes and maps in social studies. They drew a map of their schoolroom. They had to remember where to put north, south, east, and west. They learned about reading map keys. By Angela Thompson, 4th grade.

Mrs. McEvers' third grade class is doing something special for Thanksgiving. They are going to make books, poems, and costumes for the play they are having on the day before Thanksgiving, November 23, 1983. By Heather Garnett and Joell Schans, 5th grade.

Ward Joins  
Air Force

Cadillac — Bruce A. Ward, 19, son of Mrs. Vanna Ward, AuSagra Acres, Grayling, has entered the United States Air Force's Delayed Enlistment Program (DEP).

According to Master Sergeant Charles C. Justice, the Air Force recruiter here, Mr. Ward's entry into the DEP serves two purposes. First, it allows the Air Force to schedule an opening for him to attend basic training and be assigned to a job or skill area. Second, the DEP enables Mr. Ward, a 1983 graduate of Grayling High School, to wrap up his personal affairs before leaving home.

He will enter the Regular Air Force on April 3rd, 1984. Following graduation from six-week basic training course at Lackland Air Force Base, Texas, he will receive technical training in the General Area and be assigned to an Air Force duty station.

## Kirtland Community College

On November 8, 1983, Mrs. Bovee's fifth grade class went to Kirtland Community College. Their transportation was a bus that held forty people. When they arrived there they waited at the Student Center. After that they met their guides that took them around the college. When they met their guides they walked to the auditorium and met Mr. Audiorium. They played director came out of the work room to talk to them. His name is Dr. Anstun. When they were done there they walked to the cosmetology and automotive. After that they went to the academic building to see the chemistry lab and biology and talked. Then they split up. Some of them went with Mr. Ingleson and Ms. Batchelder. Mrs. Batchelder's group went to the library, then the art room, after that the computer room. The second group with Ms. Bruman went to the computer room, then the art room and last of all the library. They all met at the Student Center for lunch. After that they went back to school on the same bus. By Erika Sattler, 5th grade.

Grayling  
Beautification Comm.

Don Priestley was recognized for his work on the summer flower project by the Grayling Beautification Committee at their meeting on Tuesday morning, November 15. He was presented with a certificate of recognition and a token for his untiring efforts this past summer. He helped with the planting of the roadside petunias, watered them all summer, weeded, and in the fall pulled them out after they had finished blooming. He also aided the committee with the hand delivery of their survey. The committee was pleased with the results of the survey in which most of the merchants approved of their efforts and also promised help for another year.

A special thanks to Hillside Farms who donated tulip bulbs for the City Hall lawn planting and the crocus bulbs which have been planted in the planters for color next spring.

Have pride in Grayling!

## School Theatre Group Attends Stratford Festival

By Kathy Allen

At 5:00 a.m. on Tuesday, October 11, 28 sleepy-eyed people met at Grayling Middle School to travel to the highly renowned classical repertory theatre in Stratford, Ontario, Canada.

The trip to the Stratford Festival, sponsored through the Advanced Studies Program at Grayling High School, was made to attend a matinee performance of William Shakespeare's comedy, "As You Like It."

The group arrived in the town of Stratford at 12:15 p.m., and during the hour-and-a-half that elapsed between arrival and performance, student and adults alike enjoyed the beautiful surroundings and the charming downtown area.

After the special student performance came to a close, one of the actors, Nicholas Pennell, returned to the stage to answer questions from the audience.

The group returned to Grayling at 12:30 a.m. the next day.

People who attended the performance from GHS included: Kathy Allen, Beth Bedard, Michelle Brooks, Karla Dosch, Sue Generous, Troy Haag, Chris Helton, Cris McLaughlin, Jeff Martinez, Pat Moore, Valerie Nelson, Colette Petrosky, Monique Petrosky, Brenda Prause, Debbie Schanz, Kim Stockton, and Damon Thayer.

The GMS group included Derrick Christman, Julie Huss, Todd Laitinen, and Kristina Partello.

GHS Advanced Studies teacher Nancy Lemmen, GMS Advanced Studies teacher Gayle Mills, GMS English teacher Judy Mesack, and parent chaperones Mary Allen, Paul and Bernie Dosch, and Jini Hindmarsh, accompanied the students.

## Elekonich Named To Grayling Twp. Post

Grayling Township has hired Joseph P. Elekonich as an assessor for the township's approximately 5700 parcels.

Elekonich, a resident of Grayling, began working October 31 for the township. He worked as an appraiser for two years in the Crawford County Equalization office performing much of the same duties he'll do for the township.

Elekonich will be responsible for preparing tax rolls and re-appraising and re-assessing parcels throughout the township. He said he will be attempting to visit as many homes as possible with a goal of re-appraising every parcel in the township within five years.

Elekonich said while tax assessing isn't a popular job, he tries to be as fair as possible with every property owner.

"I try to make it a point not to even look at the name of the property owner when I'm re-assessing a piece of property," he said.

Tax rolls for 1984 taxes must be turned in by December 31st of this year, Elekonich said, and then updated in March after the Board of Review meets. Throughout the year sales studies are conducted by the assessor, and at the end of the year the assessor has to check on every building permit filed during the year to check on building progress.

Grayling Township has the most parcels of any governmental unit in Crawford County. South Branch with approximately 3200 is next followed by the City of Grayling with about 1500.

## Chamber Chatter

By Joyce Kolka

By Joyce Kolka

Congratulations to the Grayling Promotional Association for offering a comprehensive and creative Christmas season program. Included are: December 1, Christmas Tree lighting and Santa arrives, December 3, Christmas Bazaar at The Emporium, December 5, Caroling, children 3-10 yrs. old at the library, December 8, stores open until 8 p.m., Senior Citizens Day, caroling, December 8, Ladies Night, stores open until 8 p.m., kids 3-10 yrs. crafts at library, December 10, Santa's Children's Luncheon at St. Mary's Family Center, afternoon movie cartoons at Rialto Theatre and afternoon caroling, December 12, caroling, library craft night, stores open until 8 p.m., December 15, Kids Night at the stores, 6-8 p.m., December 17, caroling, December 18 Chamber of Commerce Christmas Home Tours, December 19, Library Craft Night, caroling, stores open until 8 p.m., December 22, Men's Night at stores 6-8 p.m.

On December 2, Sue Praise will be featured in a Reader's Theatre Performance from C.M.U. and sponsored by the Crawford County Arts Council. This will take place in the Joseph Stripe Auditorium and admission will be by donation.

Just a reminder that the Business and Professional Women's Association, Community Service Committee will be sponsoring their annual Kid's Cartoon Movies on December 10 at the Rialto Theatre. The event is for the purpose of aiding in the collection of commercially canned foods to fill baskets for the needy at Christmas. Admission for the youngsters will be one or more cans of food. The movie will begin at 1 p.m.

We note that the Chamber of Commerce building is now enclosed and the Building Trades young people from Grayling High School are working inside the structure now.

Beginning this week the Christmas Season will be in full swing with many sales, activities and decorations taking place. While some people decry the early start of the season our observation is that there would be mob scenes at stores if everyone were to wait until the week before Christmas to begin shopping for presents.

The public is invited to attend the Snow\*Drift Pro Sports Car Rally which starts off at the Grayling Holiday Inn on December 2-4. More than 50 teams are expected to appear at this year's rally. The cars will be racing through the woods near Grayling, Roscommon and Mio on a route that covers 225 miles. The event will begin at 5:30 p.m. on Saturday, December 3 and finish about 6 p.m. on December 4. There are many areas where the cars can be seen along the route as well as the start and finish at the Inn.

A hearty welcome to new chamber members the Kiwanis Club of Grayling and Dr. Robert Schwarz. With their membership the roster is at the 200 mark.

## THE DAY THE COMPUTER FAILED

If you're tired of being treated like a number you'll appreciate this story... They asked the computer a simple question it couldn't answer!

"NOT PROGRAMMED FOR THIS FACTOR." Everyone was astounded. Then they discovered that a typist copying the word sole had spelled it S-O-U-L.

Thank the Lord that all of life cannot be programmed like a computer. There are values and realities—precious ones—which defy mathematical expression.

We will be looking for you in Church next week. We are the millions of your neighbors who are seeking and finding spiritual answers to life's problems.

 overs than usual as they lost an eight-point lead.  
 Grayling's top scorers asserted themselves early. Kris Laudenslager grabbed an offensive rebound and put in a jump shot for Grayling's first two points. Then Heidi Bendig stole the ball in Grayling's full-court press and converted a lay-up. Bendig added four free throws and a bucket from the outside before Laudenslager took over canning three shots from the side to put Grayling up 16-10.  
 Heidi Derenzy added two free throws and Laudenslager kept the ball alive under the basket allowing Erin Jones to put in a bucket to make it 20-12 after one quarter.  
 The Vikings finally cooled off from their Houghton Lake scoring binge and their hot first quarter against Roscommon by connecting for only three points in the second quarter. Bendig hit two free throws and Karyn Reynolds added one as Grayling hung on 23-22 at the half.  
 Grayling continued to have problems in the third quarter as they were unable to bring the ball up the court against Roscommon's

1983-84 J.V. VIKINGS—Front, left to right, Tim Zigila, Dave Somerville, Eddie Young, Todd Klinger, George Duncan, Wayne Casler, John Meagher. Back, coach Tom St. Germain, Todd Wakeley, Darrin Alimenti, Jeff Forkum, Keith Whaley, Kevin Hudson, Jason McEvers, Dave Nielson, assistant coach Gerry St. Germain.

swarming defense. The Vikings committed 34 turnovers in the game. Michelle Barber scored a bucket after hauling in an offensive rebound and Bendig added two free throws and Jones one as Grayling fell behind 34-28 after three quarters.  
 Grayling came back briefly in the fourth quarter as Bendig and Laudenslager hit two buckets each, but Janie Levitan, who finished

with 17 points for Roscommon, hit two outside shots to keep Roscommon ahead 39-34 with 5:21 left.  
 Grayling didn't score again until 2:03 to go with Bendig hitting on a drive to the bucket to make it 43-36. Jones added one free throw and Laudenslager scored two more baskets in a last-chance effort.  
 Three Vikings fouled out in the fourth quarter as 33 fouls

were called on Grayling to only 19 for Roscommon. In addition, Laudenslager, the game's leading rebounder with 17, had to sit on the bench in the second and third quarters as she picked up four fouls.  
 Bendig and Laudenslager finished with 16 points apiece, Jones had 4, Barber 2, Derenzy 2, and Reynolds 1. Jones had 13 rebounds and Derenzy had 12.

Ferguson said the team hasn't found a heavyweight yet and may have to forfeit points at that position. Every year several students try out for the team and quit because they can't hack the practices. ### American Legion Auxiliary News

by Laurie Jensen, P.R. Director

I hope everyone had a safe and happy Thanksgiving.

The men asked me to announce that they will be having a Fish Fry on Friday, December 2 from 4:00 p.m. until 8:00 p.m. The cost of the fish fry is \$3.50 for adults, \$3.00 for Senior Citizens, and \$2.50 for children (12 and under). The proceeds from this event will go for the Kid's Christmas Party. So let's all go out and support the men so that the kids can have a good Christmas party.

I haven't heard from you ladies about our Craft and Bake Sale on Saturday, December 3. We need some help or else we will have nothing to sell.

Sunday, December 4 we are having a tree decorating party with a potluck supper to follow. This is for the men and the women. Be there at 3:00 p.m. for this party.

If anyone has any new or used toys to donate for our Toys For Tots, please drop them off at the Legion by December 20. The used toys must be in good condition. Thanks for your help!

Have you been into the Post lately and noticed how clean and nice it looks? What would we do without Ted? Ted does a super job making our club look its best. Thanks Ted!

Ladies, don't forget our Christmas Party on December 14. Please bring a wrapped baked good as a gift to be exchanged.

## Fitness/Nature Trail at KCC Nears Completion

The Fitness/Nature Trail at Kirtland Community College is nearing the final stages of completion. It is open, free of charge, to all students, community members, and the general public that wish to use it.

The 1½ mile trail, with its 20 exercise stations, is designed for all persons interested in getting, or staying, in shape. 32 exercises are set at both beginning and advanced levels. Heartbeat monitoring stations are also installed, so persons may determine their targeted heart rate at intervals along the trail. Or, persons can just walk the trail, enjoying nature and a leisurely stroll.

The Fitness/Nature trail begins behind the college's Library building, and all exercise signs and accessories have been installed. At the present time, the path is compacted soil, however the college intends to spread wood chips over its entire length in the future. Informational plaques identifying various species of trees and shrubs are also planned, along with the development of the trail for cross country skiing during the winter months.

Participants in the Michigan Youth Corps program provided the labor for the trail construction. The Kirtland Community College Foundation Board and college have provided the financial support for the current phase of the trail. Project donors will be recognized by a plaque installed at the beginning of the trail.

Members of the community are welcome and are encouraged to make use of the trail, beginning immediately.

### Toxic Substances

Cancer-causing substances are common in the human diet, and most come from nature or food preparation, says a leading researcher on the biochemistry of cancer. At the same time, other food substances and chemical processes in our bodies may provide a natural line of defense against these carcinogens.
